INC NITIN CORPORATION

MEMOLUB INTERNATIONAL GROUP

Founded in 1987, MEMOLUB® International manufactures and distributes MEMOLUB® lubrication products. For years, the company has been providing innovative and effective lubrication solutions to global industrial players.

We specialize in electro-mechanical lubricators and are proud to have invented the first one. We sell to all industries, but we specialize in heavy ones.

All products are assembled and tested in Belgium, Brussels.

Our products are distributed in **more than 80 countries**.
2 offices in Australia, (Perth and Wollongong), one office in USA, one office in China and now one office in INDIA

MEMOLUB SERVICES

CONSULTING AND AUDITS

- Lubrication management systems
- Lubrication standards
- Development and implementation of lubrication processes and systems
- Cost saving initiatives
- Providing action plans to implement audit recommendations
- Achieve Best Practice benchmarks

TRAININGS

- How lubrication systems work, features and their benefits.
- Fault finding & resolutions in lubrication systems
- Principles of reducing contamination
- Storing and transferring lubricants

DESIGN, PRODUCE, ADAPT AND MAINTAIN

- We design, manufacture and install customized systems to meet your specific needs.
- We modify existing lube systems to meet new requirement, such as heat trace installation
- We provide service support to trouble shoot and service existing lube systems too.
- We provide service support for installation of new Lubrication systems

AUTHORISED DEALER:

INC NITIN CORPORATION

OUR METHODOLOGY

1. Field Visit

We come on-site to evaluate your lubrication needs

2. Application analysis

We analyze with you the greasing points

3. Recommendations

We draw the architecture of the lubrication solution

4. The right lubricant / Our partners

We analyze the right lubricant to use for your application

5. Installation

We help you install your Memolub solution

6. Support

We are available to support you with any after-sales need you may face
